

HOW VETERINARIANS CAN CONTRIBUTE TO PUBLIC SAFETY

Without safety for animals & people, there is no health!

Keep non-accidental injury in your rule-outs

Recognize abuse & neglect

Report suspicions

Keep detailed records

Take photos of lesions (overall, mid-range, close)

Track return to health (weight & BCS)

Be a resource for local police & animal control

Provide expert witness testimony

Learn more about family & community violence

Get to know social service providers in your area

Foster pets of domestic violence survivors

Contribute to overall community safety

Promote kindness

Share responsible dog ownership practices

Celebrate the human animal bond

Safety for all contributes to global health!
